### Accessioning & Disposal

For the first time in many months the Records Center accessioned records in such a condition that they could not be placed on the shelves. These records which had to be reboxed were from OTR 32 cubic feet, OO/C 68 cubic feet, and PIC 33 cubic feet. The ARO's were contacted and requested that in the future they make a physical check prior to shipment.

During the week 41 cubic feet were destroyed, leaving an accumulation of 675 cubic feet in the disposal area.

### News
